

HOWARD ST. & UPPER SIMS WAY

COMMUNITY OPEN HOUSE

Do the concepts capture your vision for this community? Come and tell us.

Wednesday, Aug. 16 Towne Point Clubhouse
5:30 - 7:30pm 2240 Towne Point Ave

The Future of Howard Street & Upper Sims Way is Underway!

We need your voice and your ideas as we craft the Subarea Plan for Howard St & Upper Sims Way. If you missed the first Community Meeting it's not too late...to let your voice heard. Join us at the second Community Open House on August 16, from 5:30 - 7:30 at Towne Point Club House, 2240 Towne Point Ave.

The Subarea Plan is being created *by* the community *for* the community. So let your voice be heard to shape the future of Port Townsend's Howard St & Upper Sims Way. At the first meeting and through an online survey we asked: What type businesses do you want? What should the neighborhood look like? Artisan businesses? Housing? Restaurants? And you responded. Now we're ready to start planning, and we need to know if we got your vision right.

Please join us, as we enter the next phase: do the concepts capture your vision for this community? On August 16, we will share some draft concepts and you can tell us if we heard you correctly. Are we on track in understanding what you want to see in this community: access to restaurants, shopping, well-paying jobs and housing? The goal of the Subarea Plan is to address the community's vision and needs while clearly articulating the City's expectations through development standards and regulations. The map below outlined in yellow is the study area of the Subarea Plan.

Success is a partnership that includes you and your voice!

What: Community Open House

When: Wednesday, August 16 at 5:30-7:30pm
